Dear Applicant:

This letter refers to the above-captioned minor change application to modify the effective radiated power, location, and antenna.

This application contained a request for Class C0 reclassification of station KZEL-FM, Eugene, OR. Absent the proposed reclassification of KZEL-FM, this application is unacceptable for filing. Cumulus Licensing, LLC, licensee of KZEL-FM, filed application BPH-20090204AAO to increase that station's technical facilities in response to the subject application, as permitted by Note 4 to C.F.R. Section §73.3573. The KZEL-FM application was granted on June 12, 2009.

As a result of the grant of KZEL-FM's application and pursuant to the provisions of Note 4 to 47 C.F.R. Section §73.3573, application BMPH-20080828ABE IS DISMISSED.

Sincerely,
